

Requirement Number	Description	Contributor name
1	Brainstorming on what the user will see when pressing the buttons that are available	Together
2	Finding suitable images for the cover page	Erkin
3	Designing the cover page	Together
4	Designing the sign-in page	Omer
5	Designing the sign-up page	Erkin
6	Finding suitable images for the sign-in page	Omer
7	Finding suitable images for the sign up page	Erkin
8	Designing the page the user will see after signing in	Omer
9	Writing the HTML and CSS code	Together

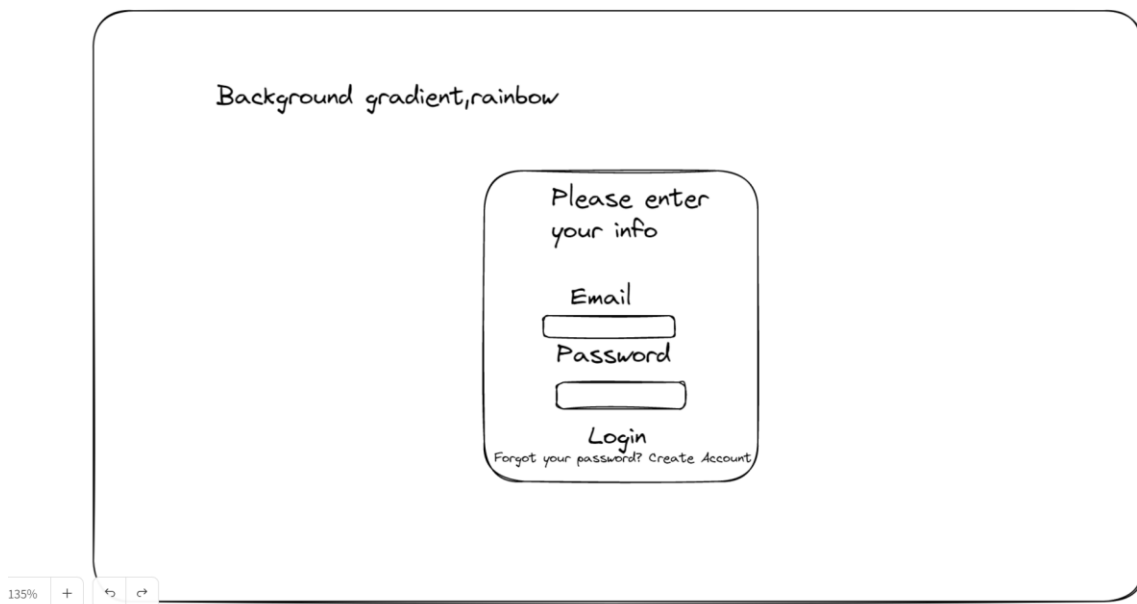

Main Page

A hand-drawn sketch of a main page layout. At the top left is the word "WELCOME". To its right, in smaller text, is "Header, blue". At the top right are the words "Home" and "About" stacked vertically. Below the header is a large container divided into two equal-width boxes. The left box contains the text "Image Driver" and the right box contains "Image Passenger". Below these two boxes is a wide footer area labeled "white, footer, empty".

Login Page

A hand-drawn sketch of a login page layout. The background is labeled "Background gradient, rainbow". In the center is a rounded rectangle containing the text "Please enter your info". Below this text are two input fields: the first is labeled "Email" and the second is labeled "Password". Below the password field is a "Login" button. At the bottom of the login box, there is a link that says "Forgot your password? Create Account". In the bottom left corner of the page, there is a small UI element showing "135%" and a "+" sign, followed by two small square buttons with arrows.

Sign Up Page
